

SEXUAL HEALTH EDUCATION FOR PARENTS, CAREGIVERS AND PROFESSIONALS

Are you raising or working with a child or youth with a neurological difference?

Are you unsure how to talk to them about their sexuality?

Are you struggling to address sexual behaviours, electronic access, appropriate peer interactions, consent and sexual health exploration?

Please join us...

For a free Practical Sexual Health Education Workshop for Parents, Caregivers and Professionals Raising or Working with Children and Youth living with Fetal Alcohol Spectrum Disorder or Similar Neurological Conditions

Kerri Isham is a knowledgeable, experienced and passionate educator, coach and facilitator dedicated to excellence and committed to the sexual empowerment of people of all ages. She is a skilled presenter and excellent communicator. Her primary goal is to make exploring sexual health fun and meaningful, and to alleviate the shame and embarrassment sometimes associated with this extremely important topic.
