

Dear PAC's,

I am pleased to present a fundraising opportunity for your school. Puberty Workbooks (for grade 3-7) sell for \$25.00. Your school would keep \$5.00 from the sale of each book.

Order forms go home and there is a 10 day turn-a -round. Once order forms and fees are collected, I will deliver the number of required books. A cheque would then be made out to me from the PAC.

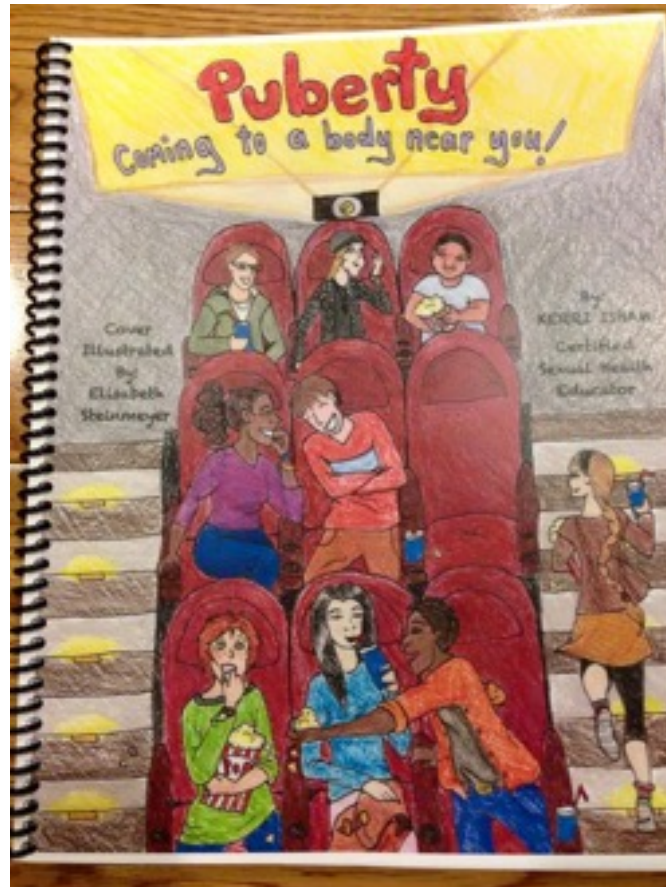

A sample book will be provided for parents to parents.

An Interactive Puberty Workbook

When parents and caregivers talk openly and honestly about sexuality, children and teenagers will have the comfort, knowledge and support they need to achieve healthy sexual lives.

Puberty can be a scary and challenging time. As a parent/guardian, you have the unique opportunity to make puberty an exciting rite of passage for your child/children.

With fun, meaningful and hands-on activities, our children can learn to be open and confident with these sensitive topics.

This workbook will be entertaining, engaging and informative. Be prepared to laugh!
