

Digital Citizenship

Guidelines

1. Maximum of 2 hours per day screen time.
2. Use of only one device. Easier to monitor.
3. Use of device in public place in house not in bedroom.
4. No personal information should be shared on-line.
5. Preferred method for filtering = parent monitoring and consistent conversation

INTERNET SAFETY TIP #1

When doing searches on Google Images for school projects at home or at school, children are seeing inappropriate and sexualized images. They may or may not tell you what they have seen.

There is a simple way to filter out this content...

1. Go to Settings on Google Images
2. Click on Advanced Image Search
3. Click on Safe Search
4. Click on Filter Explicit Results

Or use

www.safesearchkids.com

INTERNET SAFETY TIP #2

When children watch videos on You-Tube, kids are likely to have access to inappropriate/sexual videos on the right hand side.

You must sign up for You-Tube first.

1. Click on the tab beside the You Tube logo on the top left hand side.
2. Click on Manage Subscription
3. Click on Safety. This is found on the bottom middle of your screen. Click on arrow.
4. Safety mode. Choose "on".
5. Click save.

Blockers

1. Mobicip App for IPAD and IPOD

Free version

Paid version (set time limits, etc)

2. Most effective to least effective search engines for blocking pornography MSN, Google, Yahoo

3. Key Logger, Net Nanny, K9, Safe Eyes, Bsecure

4. Our Pact App

free version
